FIXED INCOME PORTFOLIOS

Investment income with meaningful preservation

You need investments that help preserve your principal, but you need income too. NewSquare Capital has built a fixed income team with the experience and skill to do both.

The result: NewSquare Fixed Income Portfolios.

TAXABLE BOND PORTFOLIOS

are designed to pursue attractive income consistent with prudent risk management.

TAX-EXEMPT BOND PORTFOLIOS

may provide an attractive level of income from tax-advantaged securities.

ENHANCED CASH MANAGEMENT PORTFOLIOS

seek to provide income as an alternative to low-yielding cash options.

A DIFFERENTIATED APPROACH THAT SEEKS TO ACHIEVE BETTER RESULTS

NewSquare believes that a different approach is needed to help investors achieve better outcomes. So our team has developed strategies that can enhance investor income while still prioritizing principal preservation:

RESEARCH

We research each security – from multiple points of view – to help ensure we are making a good loan to a qualified issuer.

EVALUATE

We evaluate market supply and demand trends to help us identify securities that may offer better- than- expected income or value.

DISCIPLINE

We use a disciplined investment process with an emphasis on risk management and liquidity.
