You need investments that help preserve your principal, but you need income too. NewSquare Capital has built a fixed income team with the experience and skill to help you do both.

The result: NewSquare Fixed Income Portfolios.

A differentiated approach that seeks to achieve better results

NewSquare believes that a different approach is needed to help investors achieve better outcomes. **So our team has developed strategies that can enhance investor income while still prioritizing principal preservation:**

RESEARCH

We research each bond issuer - from multiple points of view - to help ensure we are selecting issuers with a history of meeting their debt obligations.

EVALUATE

We evaluate market supply and demand trends to help us identify securities that may offer better-than expected income or value.

DISCIPLINE

We use a disciplined investment process with an emphasis on risk management and liquidity.

▶ ETF TAXABLE BOND PORTFOLIOS

are designed to pursue attractive income consistent with prudent risk management.

▶ ETF TAX-EXEMPT BOND PORTFOLIOS

may provide an attractive level of income from tax-advantaged securities.

▶ ENHANCED CASH MANAGEMENT PORTFOLIOS

seek to provide income as an alternative to low-yielding cash options.
